

## LITIGATION IN MANHATTAN DISTRICT IS AT AN END

its Against the Dexter Company Are  
Dismissed in District Court By Stipulation and Motion.

After years of costly litigation, the Manhattan district court has acted in such a way as to retard the development of the district, Manhattan district, practically without a lawsuit in respect to the different mining companies. This morning in the district court, the lawsuits were taken from the calendar, according to the wishes of the several plaintiffs in the action. As is of common knowledge, the Manhattan district company has been the defendant in practically all of the lawsuits filed. At the annual meeting a few months ago, it was decided, in a week's session, to withdraw suits, and if possible, affect a litigation with several of the adjoining companies. This has been carried out as far as possible. According to the terms of a stipulation filed, all claims for damages against the Dexter and a number of co-defendants have been dismissed. In order to give a definite word of the stipulation, it is printed in full.

The stipulation entitles the Manhattan Ore Reduction & Refining company, a corporation, plaintiff, against the Dexter Mining company of Nevada, a corporation, defendant, and Milo Plamanez, Wm. Veith, James Shea, C. L. Loman, Manhattan Milling and Mining company, and W. C. Lamb, defendants. The body of the document is as follows:

"It is hereby stipulated and agreed that:

"1st. That each and all of the parties hereto do hereby expressly give, release and forego any and all claims for damages of any kind, and all kinds that they or

any of them could or might at any time make, assert or claim upon any injunction bond or undertaking made or filed in any case, or against any of the parties to said cause, or in any manner arising out of said litigation.

"2nd. That said suit shall be dismissed forthwith, by order of court, entered on the minutes of court, on motion of any of the parties hereto, to such order to be pursuant to, and in accordance with the terms hereof."

A motion was also made to dismiss the suit of Wm. Veith and Milo Plamanez versus the Manhattan Dexter company. The motion was granted by Judge Avertill.

Already the results of the end of litigation are to be noticed at Manhattan, according to reports received from that camp during the past few days. A number of leasers are hammering away while others are making preparations to start operations. The Shea placer lease is reported to be extracting a neat quantity of the yellow metal, work having started only lately.

At the annual meeting of the Dexter company, the majority of the time was spent in trying to settle all matters at issue, under an agreement, and this was done only after many days labor. It was agreed then that the suits filed against the company would be dismissed, an agreement to that effect was signed by the different parties. Now that the litigation is out of the way, the camp should once more come into its own, and before many months pass it should be the banner district of northern Nye county.

### REJECTED BALLOTS.

Quite a number of ballots cast at the recent primary election in Elko failed to pass muster with the inspectors and were rejected. Some of these ballots were marked with a lead pencil and some were marked where there were no candidates and others had names written in for different candidates.

## T. L. ODDIE WILL SOON LEAVE TO TOUR STATE

WILL MAKE HIS CAMPAIGN IN  
THE FAMOUS "SAWED-  
OFF AUTO."

Governor T. L. Oddie is busy making preparations for his coming campaign and intends leaving Tonopah in a few days for a tour of the southern section. Mr. Oddie will make his campaign in his famous "sawed-off auto," that carried him to victory in the primary election. On leaving Tonopah he will take in the various camps, both large and small, in southern Nye county, then on to Clark county and over Lincoln county. While the preparations are not complete, Mr. Oddie has not decided as to his return route from the south. He may return by way of Tonopah, or else go around through Ely. It is his expectation to keep in the field until the time for election, and if possible he will take in every precinct in the state.

During the last week the governor has received a large batch of messages from different sections of Nevada, which assure him that his friends are already on the job and that he will be extended a warm welcome at every camp he visits.

## MINE INSPECTOR TO INVESTIGATE FATAL ACCIDENT

INQUEST OVER JAMES WASLEY  
WILL BE HELD THIS  
AFTERNOON.

Several local physicians made an examination of the remains of James Wasley, who was killed in the Silver Top mine yesterday afternoon, and pronounced that Wasley had evidently come to his death from suffocation. At first it was thought that Wasley had fractured his skull when he was caught in the chute and covered with ore, but the examination failed to reveal any such fracture. The supposition is that he was stunned at first and after being buried, suffocated. He was only covered by about two feet of dirt, for when the chute was emptied to recover his body, but little was extracted after his remains were taken out.

The coroner's inquest will be held this afternoon at 4 o'clock. State Mine Inspector Ed Ryan was notified at Carson City yesterday and arrived on the noon train. Mr. Ryan will make an examination of the scene of the accident. The jury will be composed of the following: S. Fox, G. B. Harrison, W. P. Clendennin, J. B. Lindsay, Lon Stewart and J. W. McMitchell.
